Collective Bargaining Negotiations Weekly Update: Week One

The last few weeks, AFGE TSA Council 100, your Bargaining Team, has been hard at work setting ground rules, training, jointly-discussing, and recently began collective bargaining negotiations with TSA agency negotiators.

Also joining us at the bargaining table are AFGE National Labor Relations Specialist Amelia Glymph and newly-hired AFGE Council 100 Attorney Christopher Blessing. Each has been spectacular.

Actual CBA negotiations began on Monday, September 9th through Friday, September 13th. This past week's discussions included Articles 6 and 7. And already there have been several days of late nights for both bargaining teams.

The Council 100 Bargaining Team remains optimistic in its approach to these negotiations and is working collaboratively with its agency counterparts when and where possible.

We are grateful to all our Local Leaders and members across the United States for their support. We look forward to delivering a strong contract.
