Collective Bargaining Negotiations Weekly Update: Week Two

Last week, your bargaining team continued discussing items related to changes from full-time to part-time and vice versa; and national transfer policy. Due to our hard work on many of these issues, we are moving along productively with agency officials. Next week we will be wrapping up these topics and focusing on attendance-related matters.

The last two weeks have been intense, yet we face steeper hills as we look forward to bargaining issues of greater contrast between labor and management. However, Council 100 is committed to your needs as a dues-paying member; and we will do all we can to secure strong language which protects you.

As we delve deeper into the CBA, expect more information coming through via this weekly updated newsletter. Mostly, this newsletter will be issued on Sundays, although it may be submitted earlier or later contingent upon circumstances at the time.

Coming soon: AFGE's latest edition of *At the Table*, which will be introducing your bargaining team.

Thank you for all you do and for keeping us safe!
